Twenty-seven (27) bachelor Post just waiting to have an Auxiliary. I sent each Post Commander a letter explaining the beginning of starting an Auxiliary. The very first step is to have all the Post members agree to it and submit the minutes which a vote was taken to start an Auxiliary. There is no passing or skipping this step. It is very important that all Post members agree to have an Auxiliary because it starts with their families participating or joining the Auxiliary. An Auxiliary doesn't exist without a Post.

INSPECTIONS:

Inspection of the Auxiliaries have begun and are underway. Inspections need to **be completed by December 31st**. Reason for inspections is not only to identify struggling Auxiliaries but to ensure that they are HEALTHY and growing.
